Welcome

Welcome to your plan for healthy living

From preventive services to maintain your health, to our extensive network of providers and resources, CareFirst BlueCross BlueShield and CareFirst BlueChoice, Inc. (collectively, CareFirst) are there when you need care. We will work together to help you get well, stay well and achieve any wellness goals you have in mind.

We know that health insurance is one of the most important decisions you make for you and your family—and we thank you for choosing CareFirst. This guide will help you understand your plan benefits and all the services available to you as a CareFirst member.

Please keep and refer to this guide while you are enrolled in this plan.

How your plan works

Find out how your health plan works and how you can access the highest level of coverage.

What's covered

See how your benefits are paid, including any deductibles, copayments or coinsurance amounts that may apply to your plan.

Getting the most out of your plan

Take advantage of the added features you have as a CareFirst member:

- Wellness discount program offering discounts on fitness gear, gym memberships, healthy eating options and more.
- Online access to quickly find a doctor or search for benefits and claims.
- Health information on our website includes health calculators, tracking tools and podcast videos on specific health topics.
- *Vitality* magazine with healthy recipes, preventive health care tips and a variety of articles.

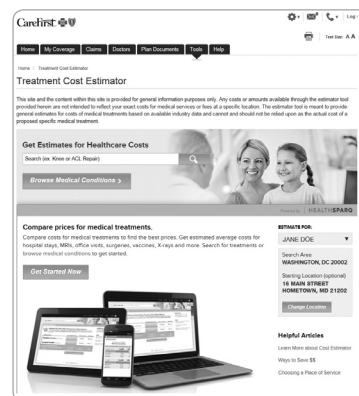

Managing your health care budget just got easier

With CareFirst's Treatment Cost Estimator, you can:

- Quickly estimate your total costs
- Avoid surprises and save money
- Plan ahead to control expenses
- Make the best care decisions for you

BlueChoice HMO Open Access

No referrals required

With BlueChoice HMO, your primary care provider (PCP) provides routine care and coordinates specialty care. This plan also allows you to visit specialists directly—no referrals needed. We also offer online tools and resources at **carefirst.com** that give you the freedom and flexibility to manage your health care and wellness goals wherever you are.

Take advantage of your benefits

- A network of almost 40,000 CareFirst BlueChoice providers (PCPs, nurse practitioners, specialists, hospitals, pharmacies, urgent care centers, convenience care clinics and diagnostic centers) in Maryland, Washington, D.C. and Northern Virginia.
- After-hours care including a free 24-hour nurse advice line, video visits, convenience care clinics and urgent care centers.
- \$0 cost for comprehensive preventive health care visits.
- Predictable copays.
- The Away from Home Care program allows you to take your plan benefits with you if you're out of the area for at least 90 days.
- Coverage for emergency or urgent care if you are outside CareFirst BlueCross BlueShield's service area (Maryland, Washington, D.C. and Northern Virginia).

Benefits at a glance

Preventive care and sick office visits

You are covered for all preventive care as well as sick office visits.

Large provider network

You can choose any doctor from our large network of providers. Our network also includes specialists, hospitals and pharmacies—giving you many options for your health care.

Specialist services

Your coverage includes services from specialists without a referral. Specialists are doctors or nurses who are highly trained to treat certain conditions, such as cardiologists or dermatologists.

Prescription drug coverage

Your plan covers prescription drugs.

Hospital services

You're covered for overnight hospital stays. You're also covered for outpatient services, those procedures you get in the hospital without spending the night. Your PCP or specialist must provide prior authorization for all hospital services.

Labs, X-rays or specialty imaging

Covered services include provider-ordered lab tests, X-rays and other specialty imaging tests (MRI, CT scan, PET scan, etc.).

Well-child visits

All well-child visits and immunizations are covered.

Maternity and pregnancy care

You are covered for doctor visits before and after your baby is born, including hospital stays. If needed, we also cover home visits after the baby's birth.

Mental health and substance use disorder

Your coverage includes behavioral health treatment, such as psychotherapy and counseling, mental and behavioral health inpatient services and substance use disorder treatment.

How your plan works

CareFirst BlueCross BlueShield has the region's largest network for doctors, pharmacies, hospitals and other health care providers that accept our health plans. Because networks vary among CareFirst health plans, make sure you're familiar with your specific plan's network.

In-network doctors and health care providers are those that are part of your plan's network (also known as participating providers). When you choose an in-network provider, you'll pay the lowest out-of-pocket care costs.

Out-of-network providers and doctors have not contracted with CareFirst. If you choose to receive care from an out-of-network provider, you can expect to pay more and, in some cases, may be responsible for the entire amount billed.

Your benefits

Step 1: Select a PCP

Establishing a relationship with one doctor is the best way to receive consistent, quality health care. When you enroll in a BlueChoice HMO Open Access plan, you select a PCP—either a physician or nurse practitioner—to manage your primary medical care. Make sure you select a PCP for yourself and each of your covered family members. Your PCP must participate in the CareFirst BlueChoice provider network and must specialize in family practice, general practice, pediatrics or internal medicine.

To ensure that you receive the highest level of benefits and pay the lowest out-of-pocket costs for all services, see your PCP for preventive and routine care.

Step 2: Your out-of-pocket maximum

Your out-of-pocket maximum is the maximum amount you will pay during your benefit period. Any amount you pay toward your deductible (if applicable) and most copays and/or coinsurance will count toward your out-of-pocket maximum.

Should you reach your out-of-pocket maximum, CareFirst will then pay 100 percent of the allowed benefit for all covered services for the remainder of the benefit period.

Please keep in mind that out-of-pocket requirements also differ if your coverage is an individual or family plan. Detailed information on out-of-pocket maximum amounts can be found in your Certificate of Coverage.

Labs, X-rays or specialty imaging

To get the most economical use out of your laboratory benefits, you must visit a LabCorp facility for any laboratory services. Services performed at a facility that isn't part of the LabCorp network will not be covered under your plan.

Also, any lab work performed in an out-patient hospital setting will require a prior authorization from your PCP.

LabCorp has approximately 100 locations throughout Maryland, Washington, D.C. and Northern Virginia. To locate a LabCorp patient service center near you, call 888-LAB-CORP (522-2677) or visit labcorp.com.

Diagnostic/imaging centers have equipment to produce various types of radiologic and electromagnetic images (such as X-rays, mammograms, CT and PET scans) and a professional staff to interpret the images. If you need X-rays or other specialty imaging services, you must visit a participating freestanding/non-hospital diagnostic center such as Advanced Radiology.

* This is not a complete list of all services. For a comprehensive explanation of your coverage, please check your Evidence of Coverage.

Out-of-area coverage

Out-of-area coverage is limited to emergency or urgent care only. However, members and their covered dependents planning to be out of the CareFirst BlueChoice, Inc. service area for at least 90 consecutive days may be able to take advantage of a special program, Away From Home Care®.

This program allows temporary benefits through another Blue Cross and Blue Shield affiliated HMO. It provides coverage for routine services and is perfect for extended out-of-town business or travel, semesters at school or families living apart.

For more information on Away From Home Care, please call Member Services at the phone number listed on your ID card.

Global coverage

If you travel outside of the U.S., access to quality medical coverage is essential to keeping you healthy and productive. With BlueCross BlueShield Global Core* solutions from CareFirst, you receive:

- Access to nearly 170,000 English-speaking providers and more than 11,500 hospitals in nearly 200 countries worldwide
- 24/7 telephone support
- Seamless claims processing/reimbursement designed for occasional or short-term travel, the Core plan connects members with their home plan benefits to provide basic medical coverage outside of the U.S.

For more information on Global Core, please call 800-810-BLUE (2583).

Important terms

ALLOWED BENEFIT: The maximum amount CareFirst approves for a covered service, regardless of what the doctor actually charges. Providers who participate in the CareFirst BlueChoice network cannot charge our members more than the allowed amount for any covered service.

COPAY: A fixed-dollar amount you pay when you visit a doctor or other provider.

IN-NETWORK: Doctors, hospitals, labs and other providers or facilities that are part of the CareFirst BlueChoice network.

OUT-OF-NETWORK: Doctors, hospitals, labs and other providers or facilities that do not participate in the CareFirst BlueChoice network. If you receive non-emergency or urgent services from an out-of-network provider or facility, you will be responsible for paying the entire amount billed.

* BlueCross BlueShield Global is a brand owned by BlueCross BlueShield Association.

Away From Home Care[®]

Your HMO coverage goes with you

We've got you covered when you're away from home for 90 consecutive days or more. Whether you're out-of-town on extended business, traveling, or going to school out-of-state, you have access to routine and urgent care with our Away From Home Care program.

Coverage while you're away

You're covered when you see a provider of an affiliated Blue Cross Blue Shield HMO (Host HMO) outside of the CareFirst BlueChoice, Inc. service area (Maryland, Washington, D.C. and Northern Virginia). If you receive care, then you're considered a member of that Host HMO receiving the benefits under that plan. So your copays may be different than when you're in the CareFirst BlueChoice service area. You'll be responsible for any copays under that plan.

Enrolling in Away From Home Care

To make sure you and your covered dependents have ongoing access to care:

- Call the Member Service phone number on your ID card and ask for the Away From Home Care Coordinator.
- The coordinator will let you know the name of the Host HMO in the area. **If there are no participating affiliated HMOs in the area, the program will not be available to you.**
- The coordinator will help you choose a primary care physician (PCP) and complete the application. Once completed, the coordinator will send you the application to sign and date.
- Once the application is returned, we will send it to your Host HMO.

Always remember to carry your ID card to access Away From Home Care.

- The Host HMO will send you a new, temporary ID card which will identify your PCP and information on how to access your benefits while using Away From Home Care.
- Simply call your Host HMO primary care physician for an appointment when you need care.

No paperwork or upfront costs

Once you are enrolled in the program and receive care, you don't have to complete claim forms, so there is no paperwork. And you're only responsible for out-of-pocket expenses such as copays, deductibles, coinsurance and the cost of non-covered services.

Know Before You Go

Your money, your health, your decision

Choosing the right setting for your care—from allergies to X-rays—is key to getting the best treatment with the lowest out-of-pocket costs. It's important to understand your options so you can make the best decision when you or your family members need care.*

Primary care provider (PCP)

Establishing a relationship with a primary care provider is the best way to receive consistent, quality care. Except for emergencies, your PCP should be your first call when you require medical attention. Your PCP may be able to provide advice over the phone or fit you in for a visit right away.

FirstHelp—free 24-hour nurse advice line

Call 800-535-9700 anytime to speak with a registered nurse. Nurses can provide you with medical advice and recommend the most appropriate care.

CareFirst Video Visit

See a doctor 24/7 without an appointment! You can consult with a board-certified doctor on your smartphone, tablet or computer. Doctors can treat a number of common health issues like flu and pinkeye. Visit carefirst.com/needcare for more information.

Convenience care centers (retail health clinics)

These are typically located inside a pharmacy or retail store (like CVS MinuteClinic or Walgreens Healthcare Clinic) and offer accessible care with extended hours. Visit a convenience care center for help with minor concerns like cold symptoms and ear infections.

Urgent care centers

Urgent care centers (such as Patient First or ExpressCare) have a doctor on staff and are another option when you need care on weekends or after hours.

Emergency room (ER)

An emergency room provides treatment for acute illnesses and trauma. You should call 911 or go straight to the ER if you have a life-threatening injury, illness or emergency. Prior authorization is not needed for emergency room services.

For more information, visit carefirst.com/needcare.

*The medical providers mentioned in this document are independent providers making their own medical determinations and are not employed by CareFirst. CareFirst does not direct the action of participating providers or provide medical advice.

When you need care

When your PCP isn't available, being familiar with your options will help you locate the most appropriate and cost-effective medical care. The chart below shows how costs* may vary for a sample health plan depending on where you choose to get care.

	Sample cost	Sample symptoms	Available 24/7	Prescriptions?
Video Visit	\$20	<ul style="list-style-type: none"> ■ Cough, cold and flu ■ Pink eye ■ Ear infection 	✓	✓
Convenience Care (e.g., CVS MinuteClinic or Walgreens Healthcare Clinic)	\$20	<ul style="list-style-type: none"> ■ Cough, cold and flu ■ Pink eye ■ Ear infection 	✗	✓
Urgent Care (e.g., Patient First or ExpressCare)	\$60	<ul style="list-style-type: none"> ■ Sprains ■ Cut requiring stitches ■ Minor burns 	✗	✓
Emergency Room	\$200	<ul style="list-style-type: none"> ■ Chest pain ■ Difficulty breathing ■ Abdominal pain 	✓	✓

* The costs in this chart are for illustrative purposes only and may not represent your specific benefits or costs.

To determine your specific benefits and associated costs:

- Log in to *My Account* at carefirst.com/myaccount
- Check your Evidence of Coverage or benefit summary
- Ask your benefit administrator, or
- Call Member Services at the telephone number on the back of your member ID card

For more information and frequently asked questions, visit carefirst.com/needcare.

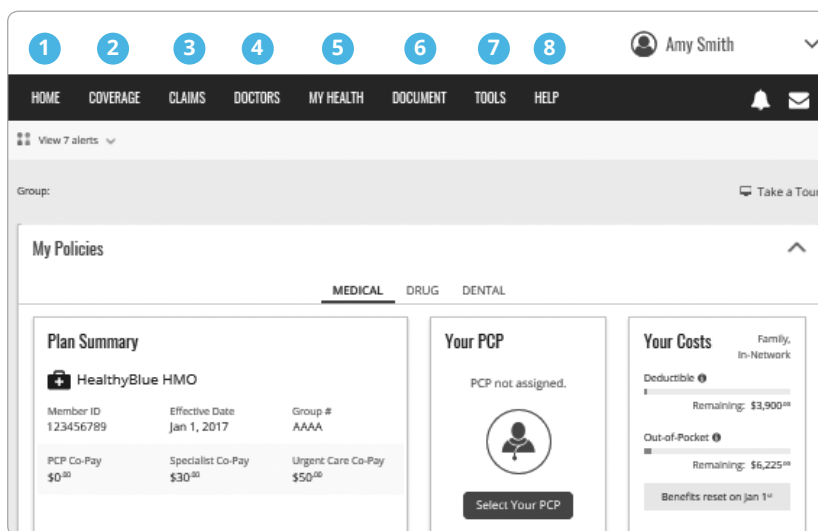

Did you know that where you choose to get lab work, X-rays and surgical procedures can have a big impact on your wallet? Typically, services performed in a hospital cost more than non-hospital settings like LabCorp, Advanced Radiology or ambulatory surgery centers.

PLEASE READ: The information provided in this document regarding various care options is meant to be helpful when you are seeking care and is not intended as medical advice. Only a medical provider can offer medical advice. The choice of provider or place to seek medical treatment belongs entirely to you.

Your Medicare Supplemental Plan

Your protection against illness and high medical costs

Times have changed, and so have your needs. Even though you have Medicare, you still need additional health insurance to help cover your medical expenses. When you use the providers who participate with Medicare, you will have little to pay for Medicare-covered services. That way, you can just concentrate on feeling better.

If you have any questions, call CareFirst BlueCross BlueShield's Customer Service Department at 800-628-8549. You can call between 8:00 a.m. and 8:00 p.m., Monday through Friday. A customer service representative will be happy to help you.

What your plan is and how it works

What does the Medicare Supplemental Plan cover?

First, it covers your inpatient Medicare deductible and coinsurance, costs associated with emergency care, outpatient surgery and diagnostic services. Second, CareFirst BlueCross BlueShield will pay 80% of the difference between what Medicare pays and the Medicare approved amount (when you visit Medicare participating providers) or limiting charge (when you visit Medicare non-participating providers) for Major Medical services such as office visits and durable medical equipment.

How does the Medicare Supplemental Plan work?

Your Medicare coverage is always primary. That means that Medicare always pays first for Medicare-covered services. Your Medicare Supplemental Plan is your secondary plan. It provides benefits for some charges and services not covered by Medicare.

When you use a Medicare participating provider for medical services, you will have less to pay for Medicare-covered services because these providers have agreed to accept the Medicare approved amount for their services, commonly referred to as "accepting assignment."

Medicare non-participating providers do not always accept the Medicare approved amount. You will pay more for your care when you use Medicare non-participating providers.

Sometimes Medicare non-participating providers will agree to accept the Medicare approved amount for some services. Whenever they do, you will have less to pay for covered services. Please refer to questions "How much will I pay if I use Medicare non-participating providers?" and "Why is it better to use Medicare participating providers?" for examples.

How can I save money with my Medicare Supplemental Plan?

Your Medicare Supplemental Plan pays all of your up-front Medicare Part A deductibles and coinsurance amounts, regardless if you see a Medicare participating or Medicare non-participating provider.

In addition, your Medicare Supplemental Plan covers the Medicare Part B deductible for most services. In these cases, you will not have to pay the deductible, even if you see a Medicare participating or Medicare non-participating provider.

Why is it better to use Medicare participating providers?

When you use Medicare participating providers for Medicare and Major Medical covered services, you save money. Here's an example of a Major Medical service:

Provider's charge	\$50.00
Medicare approved amount	\$28.00
Medicare pays 80% of \$28 approved amount (after Part B deductible)	\$22.40
Balance	\$5.60
CareFirst pays 80% of \$5.60 balance	\$4.48
You pay remaining 20% coinsurance	\$1.12

How much will I pay if I use Medicare non-participating providers?

Medicare non-participating providers can charge you the difference between the Medicare approved amount and the Medicare limiting balance. The difference is usually 15% more than the approved amount.

For example, a Medicare participating provider charges the approved amount for a service, say \$28. A Medicare non-participating provider charges you up to the limiting charge, which would be about \$32.20.

Here's an example of a Major Medical service:

Provider's charge	\$50.00
Medicare approved amount	\$28.00
Medicare limiting charge (15% greater than Medicare approved amount)	\$32.20
Medicare pays 80% of \$28 approved amount (after Part B deductible)	\$22.40
Balance	\$9.80
CareFirst pays 80% of \$5.60	\$4.48
You pay remaining balance up to Medicare limiting charge	\$5.32

CareFirst's allowed benefit for services covered by Medicare and CareFirst will not exceed the Medicare approved amount/Medicare limiting charge.

How can I find out if a doctor is participating with Medicare?

There are two ways you can check on a doctor's participation with Medicare:

- Check the Medicare MedPar Directory (you can receive your own copy by calling Medicare).
- Call the provider directly.

What Medicare does and doesn't cover

What does Medicare cover?

Medicare has two parts, A and B. Medicare Part A (hospital insurance) partially pays for medically necessary:

- Inpatient hospital facility charges.
- Care in a skilled nursing facility after a hospital stay.
- Home health care provided by a Medicare-participating home health agency.
- Hospice care for the terminally ill.

Medicare Part B (medical services insurance) partially pays for medically necessary:

- Physician's services.
- Outpatient hospital services.
- Home health visits.
- Physical and speech therapy.
- Services and supplies covered by Medicare, such as x-rays and durable medical equipment.

What isn't covered by Medicare?

Medicare does not pay the full cost of all covered services. Medicare requires that you pay a share of the costs in the form of deductibles and coinsurance/copays. Medicare does not cover prescription drugs. Prescription drugs are covered under the pharmacy benefit with CareFirst.

What you'll need to file claims

You never have to submit a claim to Medicare. By law all providers must file these claims for you. And that applies to non-participating providers as well as participating providers.

If I receive care in Maryland, will I have to file any claims to CareFirst?

You will not have to file any claims with CareFirst for covered services if you receive the services in Maryland, Washington D.C., Delaware, New Jersey, Pennsylvania and Northern Virginia. While you may be asked to fill out claim forms for the provider, you will not have to submit the claims yourself.

CareFirst electronically receives claims from Medicare for covered services received in Maryland, Washington D.C., Delaware, New Jersey, Pennsylvania and Northern Virginia. That means that your claims automatically come to us from Medicare when you give your CareFirst membership number to your provider at the time you receive care.

Make sure that you always give your CareFirst membership number to your provider when you give your Medicare membership number. Without your CareFirst number, Medicare won't know to forward your claim information to us. You will then have to file your own claim.

Will I have to file any claims to CareFirst if I receive care outside of the states listed above?

Yes, your providers will file your Medicare claims for you. That's the law. But you will have to file claims with CareFirst to get benefits from your Traditional Medicare Supplemental Plan.

Here's what you should do. After Medicare has paid its share, you will receive an "Explanation of Medicare Benefits" (EOMB). Make copies of this form and of your bills for each claim. Do not send the original EOMB and medical bills. Keep the originals in your files. Claims rarely get lost, but if that should happen, you can resubmit your claim if you have kept the originals.

Send a copy of the EOMB, your bills and a completed claim form to the following address:

CareFirst Blue Cross Blue Shield
Mail Administrator
P.O. Box 14114
Lexington, KY 40512

Getting the most from your health care plan

To make sure that you make the most of your benefits and pay the least for care, follow these simple guidelines:

- Always find out if a provider is participating (accepts the Medicare approved amount) or non-participating (does not accept the Medicare approved amount) before you receive care.
- Avoid additional out-of-pocket expenses by using Medicare participating providers when you need Medicare-covered services.
- Always give your Medicare membership number and your CareFirst membership number when you receive care.
- If you need to file a claim, file right away so that you don't miss the filing deadline.

Prescription Drug Program

A total prescription for health

Prescription drugs are an integral part of high-quality health care. The prescription benefits your employer is offering give you an affordable and convenient way to make the best decisions when it comes to your prescriptions.

Your prescription benefits

As a CareFirst BlueCross BlueShield or CareFirst BlueChoice, Inc. (CareFirst) member, you'll have access to:

- A nationwide network of more than 69,000 participating pharmacies
- Nearly 5,000 covered drugs
- Mail Service Pharmacy, a convenient and fast option to refill your prescriptions through home delivery
- Coordinated medical and pharmacy programs to help improve your overall health and reduce costs

Keeping you informed

Together with our pharmacy benefit manager, CVS Caremark[®],* we keep you informed about your prescription drug coverage and provide you with periodic updates about your plan through targeted mailings and phone calls. Take the call and/or review your mailed notices to learn about lower-cost drug alternatives, possible safety concerns, drug tier changes and more.

Online tools and resources

To get the most from your prescription drug plan, you need to stay informed. Our easy-to-use, interactive tools and resources are available 24/7. Visit carefirst.com/rx to see if a drug is covered, find a pharmacy, learn how drugs interact with each other and get more information about medications. You can access even more tools and resources once you're a member through *My Account* by selecting *Drug and Pharmacy Resources* under *Quick Links*.

* CVS Caremark is an independent company that provides pharmacy benefit management services to CareFirst members.

Understanding your formulary

A formulary is a list of covered prescription drugs. Our drug list is reviewed and approved by an independent national committee comprised of physicians, pharmacists and other health care professionals who make sure the drugs on the formulary are safe and clinically effective. The prescription drugs found on the CareFirst Formulary (drug list) are divided into tiers. These tiers include zero-dollar cost share, generics, preferred brand and non-preferred brand drugs. Your cost share is determined by the tier the drug falls into.

Drug tier	Description
Tier 0: \$0 Drugs	<ul style="list-style-type: none"> Preventive drugs (e.g. statins, aspirin, folic acid, fluoride, iron supplements, smoking cessation products and FDA-approved contraceptives for women) are available at a zero-dollar cost share if prescribed under certain medical criteria by your doctor.
Tier 1: Generic Drugs \$	<ul style="list-style-type: none"> Generic drugs are the same as brand-name drugs in dosage form, safety, strength, route of administration, quality, performance characteristics and intended use. Generic drugs generally cost less than brand-name drugs.
Tier 2: Preferred Brand Drugs \$\$	<ul style="list-style-type: none"> Preferred brand drugs are brand-name medications that do not have a generic equivalent. They are chosen for their cost-effectiveness to alternatives. Your cost share will be more than generic drugs but less than non-preferred brand drugs. If a generic drug becomes available, the preferred brand drug will be moved to the non-preferred brand tier.
Tier 3: Non-Preferred Brand Drugs \$\$\$	<ul style="list-style-type: none"> Non-preferred brand drugs often have a generic or preferred brand drug option where your cost share will be lower.

Note: If the cost of your drug is less than your copay or coinsurance, you only pay the cost of the drug. Once you meet your deductible (if applicable to your plan), you may pay a different copay or coinsurance for drugs depending on the drug tier. Some drugs may not be covered based on your plan. There is an exception process if you need an excluded drug to be covered for medical necessity reasons. Check your benefit summary or enrollment materials for specific plan information. Once you are a member, you can view specific cost-share information in *My Account*.

Preferred Drug List

CareFirst's Preferred Drug List includes generic and preferred brand drugs selected for their quality, effectiveness and safety by the CVS Caremark national Pharmacy and Therapeutics (P&T) committee. By using the CareFirst Preferred Drug List, you can work with your doctor or pharmacist to make safe and cost-effective decisions to better manage your health care and out-of-pocket costs.

Non-preferred drugs aren't included on the Preferred Drug List; they are still covered but at the highest cost share. Also, some drugs on the Preferred Drug List may not be covered based on your plan. To see your full formulary, go to carefirst.com/rx.

Prescription guidelines

Some medications are only intended to be used in limited quantities; others require that your doctor obtain prior authorization through CareFirst before they can be filled. These drug guidelines are indicated on the formulary found at [carefirst.com/rx](https://www.carefirst.com/rx).

- **Quantity limits** have been placed on the use of selected drugs for quality or safety reasons. Limits may be placed on the amount of the drug covered per prescription or for a defined period of time.
- **Prior authorization** is required before you fill prescriptions for certain drugs. Your doctor must obtain approval from CareFirst before these drugs are covered.
- **Step therapy** asks that you try lower-cost, equally effective drugs that treat the same medical condition before trying a higher-cost alternative. Prior to getting the higher-cost alternative, your doctor must receive approval from CareFirst.

Two ways to fill

Retail pharmacies

With access to more than 69,000 pharmacies across the country, you can visit [carefirst.com/rx](https://www.carefirst.com/rx) and use our *Find a Pharmacy* tool to locate a convenient participating pharmacy. Be sure to take your prescription and member ID card with you when filling prescriptions.

Mail Service Pharmacy

Mail Service Pharmacy is a convenient way to fill your prescriptions, especially for refilling drugs taken frequently. You can register three ways—online through *My Account*, by phone or by mail. Once you register for Mail Service Pharmacy you'll be able to:

- Refill prescriptions online, by phone or by email
- Choose your delivery location
- Consult with pharmacists by phone 24/7
- Schedule automatic refills
- Receive email notification of order status
- Choose from multiple payment options

Ways to save

Here are some ways to help you save on your prescription drug costs.

- **Use generic drugs**—generic drugs can cost up to 80 percent less than their brand-name counterparts. Made with the same active ingredients as their brand-name counterparts, generics are also equivalent in dosage, safety, strength, quality, performance and intended use.
- **Use drugs on the Preferred Drug List**—the Preferred Drug List identifies generic and preferred brand drugs that may save you money.
- **Use maintenance medications**—maintenance medications are drugs you take regularly for ongoing conditions such as diabetes, high blood pressure or asthma. You can get up to a three-month supply of your maintenance medications for the cost of two copays through any CVS pharmacy in the network, including through mail order.
- **Use mail order**—by using our Mail Service Pharmacy you get the added convenience of having your prescriptions delivered right to your home. Plus, if you pay a coinsurance for your maintenance drugs, the overall cost of the drug may be less expensive through mail order, reducing your out-of-pocket costs.

Care management programs

Together with CVS Caremark, our pharmacy benefit manager, we offer care management programs and tools designed to improve your health while lowering your overall health care costs.

Specialty Pharmacy Coordination Program

The Specialty Pharmacy Coordination Program provides personalized care for our members with certain chronic conditions, like rheumatoid arthritis or cancer, requiring the use of specialty drugs. For certain chronic conditions, you will receive enhanced one-on-one support with a registered nurse and dedicated clinical team who will coordinate care with your doctor.

The program provides:

- 24-hour pharmacist assistance
- Injection training coordination
- Educational materials for your specific condition
- Drug interaction monitoring and review
- Drugs mailed to your home or office, or available for pick up at any CVS retail pharmacy
- Refill reminders

Comprehensive Medication Review

When you are taking multiple drugs to treat a medical condition, it can be overwhelming. The Comprehensive Medication Review program can connect you with a CVS Caremark pharmacist who will review your drugs and talk to your doctor about dosages, duration and any other pertinent issues. The pharmacist will work with your doctor to evaluate opportunities to:

- Identify possible drug interactions
- Improve drug adherence
- Reduce gaps in care
- Eliminate duplications in drug therapy

The program works with your doctor to ensure that you are not only taking the best drugs to manage your conditions, but you are also able to take your drugs as prescribed.

Medication Therapy Management Program

Taking medications as prescribed not only helps improve your health but can also reduce your health care costs. CareFirst's Medication Therapy Management program is designed to help you get the best results from your drug therapy.

We review pharmacy claims for opportunities to:

- Save you money
- Support compliance with medications
- Improve your care
- Ensure safe use of high-risk medications

When opportunities are identified, "Drug Advisories" will be communicated to either you and/or your doctor regarding your drug therapy. Through our Pharmacy Advisor program, you may also have the opportunity to speak one-to-one with a pharmacist, who can answer questions and help you manage your prescription drugs.

Should you have any questions about your prescription benefits, please contact CareFirst Pharmacy Services at 800-241-3371.

Restricted Generics

Save money by using generic drugs

How your prescription benefits work

Your prescription benefits are structured to take advantage of the savings associated with generic drugs through a program called Restricted Generics. With Restricted Generics, you will save the most money by choosing generic drugs (when available) versus brand-name drugs. Unless your doctor writes “Dispense as Written” or DAW on your brand-name drug prescription, you will pay both the non-preferred brand copay plus the cost difference between the generic and brand-name drug.

Consumers who are able to replace brand-name drugs with generic alternatives may save up to 75 percent on their daily drug costs. Not only are generic drugs proven to be just as safe and effective as brand-name drugs, they are:

- An identical copy of their counterpart brand-name drugs in dosage, safety, strength, how they are taken, quality, performance and intended use.
- Supported by the Food and Drug Administration (FDA) and American Medical Association (AMA).
- Manufactured in facilities required to meet the same FDA standards of good manufacturing practices as brand name products.

Example scenario

Jim’s employer chose the Restricted Generics program. At his last visit to the doctor, he was prescribed Vasotec, a brand-name drug for high blood pressure that has a generic alternative. As long as his prescribing doctor writes “Dispense as Written” or DAW on the prescription, Jim will only be responsible for the non-preferred brand copay of \$50. If Jim’s doctor does not write DAW on his prescription, he could choose to get the brand-name drug Vasotec and pay \$3,050 or he could save by choosing the generic alternative and pay only \$5.

Brand-Name Drug Vasotec 10mg with DAW		Brand-Name Drug Vasotec 10mg without DAW		Generic Alternative enalapril 10mg	
Non-preferred brand copay	\$50	Non-preferred brand copay	\$50	Generic copay	\$5
		Difference between generic and brand	\$3,000		n/a
Jim owes	\$50	Jim owes	\$3,050	Jim owes	\$5

To learn more about your prescription drug benefits, log in to *My Account* at carefirst.com/myaccount and select *Drug & Pharmacy Resources* or call CareFirst Pharmacy Services at 800-241-3371.

Maintenance Choice®

*Fill your maintenance drug prescriptions
with Voluntary Maintenance Choice*

Maintenance Choice offers you options and savings when filling your maintenance medications. Maintenance medications are used to treat chronic, long-term conditions, such as high blood pressure or diabetes, and are taken on a regular, recurring basis. With Maintenance Choice, you can fill your three-month supply of maintenance medications at only two copays.

There are two ways you can fill your three-month supply of maintenance medications:

CVS Mail Service Pharmacy

- Enjoy convenient home delivery service
- Refill your prescriptions online, by phone or email
- Check account balances and make payments through an automated phone system
- Sign up to receive email notifications of order status
- Access a pharmacist by phone 24 hours a day

CVS Retail Pharmacy

- Access the entire network of CVS pharmacies
- Pick up your medications at a time convenient to you
- Enjoy same-day prescription availability
- Talk with a pharmacist face-to-face

A three-month supply will only be covered through CVS Caremark Mail Service Pharmacy or a CVS Pharmacy. Whether you choose to fill through CVS Caremark Mail Service Pharmacy or a CVS Pharmacy, you will only pay the equivalent of two copays for a three-month supply of maintenance medications.

You may also fill a one-month supply of maintenance medications at any retail pharmacy; however, you will pay the applicable copay for each fill. Therefore, a three-month supply will cost you three copays rather than two copays.

Specialty Pharmacy Coordination Program

Personalized support, and services for managing complex health conditions

As costly as specialty drugs can be, the outcomes can dramatically improve the quality of your life. Yet, the effectiveness of your medications depends mostly on whether you are taking them as prescribed.

The Specialty Pharmacy Coordination Program provides specialty drug management by coordinating your care as part of a comprehensive plan monitored closely by qualified professionals. Selecting the right pharmacy within a network is an important way to avoid breakdowns and improve consistency of your care. Therefore, CareFirst selected CVS Pharmacy as its Exclusive Specialty Pharmacy.

To help you achieve the best possible health outcomes, the following services are available:

- One-on-one support from a registered nurse specializing in your specific condition
- Comprehensive assessment when you start the program
- Dedicated clinical team who coordinates care with your doctor
- Drug interaction review
- Drug and condition-specific education and counseling on medication adherence, side effects and safety
- Refill reminders
- 24-hour pharmacist assistance

The program addresses the unique clinical needs for the following conditions:

Crohn's Disease, Cystic Fibrosis, Hemophilia, Hepatitis C, Multiple Sclerosis, Oncology, Rheumatoid Arthritis, Ulcerative Colitis and select IVIG conditions.

* Long-term or maintenance medications are prescription drugs anticipated to be required for 6 months or more to treat a chronic or ongoing condition such as diabetes, high blood pressure or asthma.

Preferred Dental

Includes access to a national provider network

CareFirst BlueCross BlueShield (CareFirst) and CareFirst BlueChoice, Inc. (CareFirst BlueChoice)¹ offer Preferred (PPO) Dental coverage, which allows you the freedom to see any dentist you choose.

Advantages of the plan

- **Freedom of choice, freedom to save**—With Preferred Dental coverage, you can see any dentist you choose. However, this plan also gives you the option to reduce your out-of-pocket expenses by visiting a dentist who participates in our Preferred Provider network. It's your choice!
- **Comprehensive coverage**—Benefits include regular preventive care, X-rays, dental surgery and more. A summary of your benefits is available on the following page. (Additional coverage for orthodontia may be included—ask your benefits manager for details).
- **Nationwide access to participating dentists**—You have access to one of the nation's largest dental networks, with more than 95,000 participating dentists throughout the United States. Preferred Dental gives you coverage for the dental services you need, whenever and wherever you need them.

Three options for care

- **Option 1**—By choosing a dentist in the Preferred Provider Network, you incur the lowest out-of-pocket costs. These dentists accept CareFirst's allowed benefit as payment in full, which means no balance billing for you.
- **Option 2**—You can receive out-of-network coverage from a dentist who participates with CareFirst, but not through the Preferred Provider Network. Similar to Option 1, there is no balance billing. You are responsible for out-of-network deductibles and coinsurance, and also have the convenience of your provider being reimbursed directly.
- **Option 3**—You can receive out-of-network coverage from a dentist who has no relationship with CareFirst. With this option, you may experience higher out-of-pocket costs since you pay your provider directly. You can be balance billed and must pay your deductible and coinsurance as well.

Frequently asked questions

How do I find a preferred dentist?

You can access an online directory 24 hours a day at carefirst.com/doctor. Click on *Dental* and then select *Preferred Dental*.

How much will I have to pay for dental services?

The chart on the following page gives you an overview of many of the covered services along with the percentage of what you will pay for each class of services, both in- and out-of-network.

Is there a lot of paperwork?

There is no paperwork when you see a participating dentist, you are free from filing claims. However, if you use a non-participating dentist, you may be required to pay all costs at the time of care, and then submit a claim form in order to be reimbursed for covered services.

Who can I call with questions about my dental plan?

Call Dental Customer Service toll free at: 866-891-2802 between 8:30 a.m. and 5 p.m. ET, Monday-Friday.

¹ The CareFirst BlueChoice Dental Plan is offered in conjunction with Group Hospitalization and Medical Services, Inc., doing business as CareFirst BlueCross BlueShield, which contracts with participating dentists and provides claims processing and administrative services under the Dental Plan.

BlueVision Plus

A plan for healthy eyes, healthy lives

Professional vision services including routine eye examinations, eyeglasses and contact lenses offered by CareFirst BlueCross BlueShield and CareFirst BlueChoice, through the Davis Vision, Inc. national network of providers.

How the plan works

How do I find a provider?

To find a provider, go to [carefirst.com](https://www.carefirst.com) and utilize the *Find a Provider* feature or call Davis Vision at **800-783-5602** for a list of network providers closest to you. Be sure to ask your provider if he or she participates with the Davis Vision network before you receive care.

How do I receive care from a network provider?

Simply call your provider and schedule an appointment. Identify yourself as a CareFirst BlueCross BlueShield or CareFirst BlueChoice member and provide the doctor with your identification number, as well as your date of birth. Then go to the provider to receive your service. There are no claim forms to file.

What if I go out-of-network?

Staying in-network gives you the best benefit, but BlueVision Plus does offer an out-of-network allowance schedule as well. In this case, you may see any provider you wish, but you will be responsible for all payments up-front. You will also be responsible for filing the claim with Davis Vision for reimbursement and paying any balances over the allowed benefit to the non-participating provider. You can find the claim form by going to [carefirst.com](https://www.carefirst.com), locate *For Members*, then click on *Forms, Vision, Davis Vision*.

Can I get contacts and eyeglasses in the same benefit period?

With BlueVision Plus, the benefit covers one pair of eyeglasses or a supply of contact lenses per benefit period.

Mail order replacement contact lenses

[DavisVisionContacts.com](https://www.DavisVisionContacts.com) offers members the flexibility to shop for replacement contact lenses online after benefits are spent. This website offers a wide array of contact lenses, easy, convenient purchasing online and quick shipping direct to your door.
